Sharps disposal available in Sherwood

Sharps include hypodermic needles, acupuncture needles, IV tubing with needles, scalpel blades, lancets, glass tubes, syringes, and other medical sharps. It is illegal in Oregon to dispose of these items in the garbage. Several local pharmacies have a sharps drop off program or you can bring sharps containers to our office as well.

Oregon law requires that this material be stored and disposed of in red, rigid, leak-proof, puncture-resistant containers clearly marked with the biohazard symbol and sealed for safety. You can purchase these sharps containers at many local pharmacies and medical supply stores. All sharps brought to our office must be contained in an approved sharps container.

We do not sell sharps containers; we only accept full containers for disposal.

The price to drop off containers at our office starts at \$2.50 (minimum charge) that covers containers up to 1 gallon in size. Larger containers are \$2.50 per gallon (\$2.50 minimum per gallon). All containers must be closed and secured before they are dropped off. We are only able to accept residential quantities. If you are a commercial customer needing medical waste disposal contact our office for details.
