Garbage and COVID-19

We are providing an essential service necessary to maintain the health and safety of the communities we service, and we can only continue to do so if our employees also stay healthy. This is where we are relying on our customers to help! Here are some great tips on how you can not only protect yourself, but also protect our drivers.

- **Bag your garbage:** We've always asked that you bag your garbage before placing it in your cart. But now, more than ever, it's important to make sure your garbage is bagged and tightly sealed. This will keep items such as tissues, sanitizing wipes, and other personal items contained.
- **Extra garbage:** If you have extra garbage that won't fit inside of your cart, please place the bag(s) on top of your cart rather than next to it. This will help limit the need for our drivers to handle your materials. If you consistently have extra garbage, consider going to a larger cart, which would be more cost effective for you and will again limit the need to handle your extra bags.
- **Recycling and extra cardboard:** Please place loose recyclables in your carts, DO NOT bag recycling. Make sure all recycling is clean, empty, and dry. Flatten all cardboard boxes prior to placing them in your cart; make sure pieces are smaller than 3' by 3'. Place any extra recycling in your cart (with the lid up) rather than next to your cart whenever possible as this helps limit the need for drivers to pick up your material by hand. If you need another cart, you can get one for no charge, just contact our office.
- **Be cautious on pick-up days:** More people at home leads to more cars parked on the side of the street. Make sure you're leaving ample room for our trucks to maneuver and place your carts a safe distance from parked cars. Please remind your children to be cautious around our trucks; we love when people wave to us from a safe distance!
- **Office and Recycling depot CLOSED:** Our recycling depot and office are closed to the public until further notice. We will be sure to notify our customers as soon as we reopen.

Stay healthy everyone!

Need a clean cart?

Are your carts getting a little smelly or dirty? If you can't clean them adequately on your own, we can do it for you! All you have to do is give our office a call or contact us via our website at <https://pridedisposal.com/support/contact-us>. If you request a clean cart, we will schedule to replace your cart(s) on your next service day. We will swap your garbage, yard debris, or recycle cart once a year free of charge!

DOCUMENT DESTRUCTION

Shred old documents and paperwork securely.

Pride Document Shredding offers shredding services at your home or business, with one time, occasional, or regular shredding. Due to COVID-19 our secure drop off at our recycling depot is currently closed to the public, however we are still offering on-site document shredding services. Whether at your home or place of business, disposing of intact confidential information is a risk. Contact us to have it shredded and protect yourself and/or your customers from this risk.

Once our office and recycling depot open back up to the public, we will offer our pre-paid bags for \$5 and accept them at our recycle depot for secured shredding once you're done filling it with paper to be shredded. We will be sure to post on our social media updates as to when we will be opening back up to the public.

Please call Pride Document Shredding at 503-625-0725 for pricing and other information on services available. You can also visit our website: www.prides shred.com
