Tote Placement

Our cart collection trucks use an automated arm to service your roll carts, so we are asking that you please take the following into consideration:

- Leave 3-5 feet between each cart whenever possible. This makes it easier for the automated arm to pick up each cart without knocking over the carts next to it.
- Place carts within 5 feet of the curb.
- Do not block bike lanes, vehicle lanes of travel, or sidewalks.
- Make sure there is 18' of overhead clearance from items such as basketball hoops and tree branches.
- Do not place too close to your fence, sprinkler heads, yard lights, or anything else that the driver may not see when picking up your cart and therefore could potentially damage.

It's also important that you **do not block sidewalks** with your carts. People that utilize wheelchairs, strollers, etc. need to be able to safely use the sidewalks, and blocking the sidewalk with your carts creates a hazard.

Whenever possible, place the carts on the street with the wheels of the cart directly against the curb. We understand this isn't the perfect situation for every street. Other options include:

- Place the carts in the strip of landscaping between the sidewalk and the street.
- Place carts in your yard on the edge of the sidewalk that is closest to your home.
- If there is no sidewalk, place the carts in the street or in the landscaping along the street.

Empty, Clean, and Dry your Recycling!

Do you have to rinse out food residue and liquid from containers before recycling? The answer is yes! Make sure your items are empty, clean, and dry before placing them in your recycling. If a container has food or liquid residue that hasn't been rinsed out, it can ruin otherwise good paper and cardboard that could have otherwise been recycled. Recyclables don't need to be dishwasher clean, give them a quick rinse, shake out the excess water and place them in your recycling!

DOCUMENT DESTRUCTION

Shred old documents and paperwork securely.

Pride Document Shredding offers shredding services at your home or business, with one time, occasional, or regular shredding. Secure drop off is also available at the Pride Depot in Sherwood. Whether at your home or place of business, disposing of intact confidential information is a risk. Contact us to have it shredded and protect yourself and/or your customers from this risk.

Pre-paid shred bags for \$5. Purchase a paper bag (grocery bag size) for \$5 from the Pride office. Take the bag home, fill it with paper to be shredded, and bring it back to the recycling depot to be shredded when it is convenient for you. If you have more than one grocery bag size to shred, we also offer a red bin or 60-gallon tote size for shredding on-site.

Please call Pride Document Shredding at 503-625-0725 for pricing and other information on services available. You can also visit our website: www.prides shred.com.
