**What goes in the yard debris cart?**

Reminder, as we get into the colder months and the overnight temps start to drop. The yard debris inside your cart may start to freeze, especially if it's wet. Try breaking up the material before you place your cart curbside, or keeping your cart inside your garage until your pick-up day.

**YES**

- Grass clippings
- Leaves
- Weeds
- Branches and prunings (no greater than 4" diameter and 36" long)

**NO**

- Plastic bags (even if labeled "compostable" or "biodegradable". No plastic bags of any kind).
- Food waste\*
- Processed wood, lumber
- Dirt, sod, rocks, concrete, stumps
- Animal waste
- Ashes
- Garbage

**\*City of Beaverton and City of Hillsboro customers:**

Beaverton and Hillsboro have a yard debris and food compost program, which means that in addition to the materials on the YES list above, you may also include food waste and other additional items in your cart. For a full list of acceptable materials please visit:

**City of Beaverton:** <https://www.beavertonoregon.gov/1201/At-Home>

**City of Hillsboro:** [www.hillsboro-oregon.gov/home/showdocument?id=25342](http://www.hillsboro-oregon.gov/home/showdocument?id=25342)

Please note: the expanded compost program only applies if your home is within the Beaverton or Hillsboro city limits. It does not apply to your service area if you have a "Beaverton" or "Hillsboro" address but are located in Unincorporated Washington County. If you are not in the City of Beaverton or City of Hillsboro, your yard debris is processed at facilities that cannot accept food waste so it's important you do not include food in your yard debris cart.

If you are unsure if you are a part of the food waste program, please contact us to verify what can be included in your cart.

## The new split-body trucks are here!

Our new split-body trucks have officially hit the road and are being used to service some of our customers. You may see the driver stopping by your home and picking up two commodities; in addition to garbage, the driver may also pick up yard debris or recycling. Don't worry, the driver's aren't mixing the material, it goes into separate compartments on the truck. These new trucks will make us more efficient and we will be adding more to our fleet in the future.
