Split-Body trucks may be serving your home!

We've added more split-body trucks to our fleet, and you may have noticed a driver stopping at our home and picking up two separate commodities! In addition to your garbage, the driver may also pick up yard debris or recycling. Don't be alarmed, the drivers aren't mixing materials, the material is going into separate compartments on the truck. These trucks all have two compartments with a diverter panel at the opening, which allows the driver to keep the two materials separate during collection. These trucks make our collection more efficient, and we will continue to add more to our fleet.

Recycle+

This optional program for hard to recycle materials is now available in most of our service areas! Recycle+ is available for residential customers in the following jurisdictions:

- Sherwood
- King City
- Durham
- Beaverton
- Urban Unincorporated Washington County

To learn more about this program, visit our website. There is an additional charge for this optional service.

You will receive notification in advance if we're coming to pick up on a holiday or if your services are delayed for any reason. You'll also know if the weather has impacted our ability to provide service, and if so, when we'll be able to make up that service.

We promise we won't spam your inbox! Typically we will only send one out no more than once per month, unless there are service delays due to weather or hazardous air quality that would require more frequent notifications.
