## Battery and Motor Oil Recycling!

Battery and motor oil are both accepted and picked up on the same schedule as your glass recycling. Please read below for instructions on how to properly prepare your batteries and motor oil.

### **Batteries:**

Place your household batteries in a 1-quart zip-sealed plastic bag and place the bag in your red bin. Wait until you have a full bag before putting your batteries out for collection. If your bin is full of glass, place the bag on top. If you do not have glass to set out, still place your red bin out and put the bag of batteries inside the bin.

### **Batteries Accepted:**

Household batteries including alkaline, 6 to 9-volt, rechargeable alkaline, NiCad, lithium, silver oxide, and button cell batteries. All batteries, except standard alkaline, must have terminal ends taped. Limit of a single 1-quart bag per pick up.

### **Motor Oil:**

Motor oil must be in a see-through 1-gallon container with a screw on lid (such as a milk jug) and cannot be mixed with any other fluids. Do not place oil back in the container it came in unless it's see-through. No more than (3) 1-gallon containers are allowed per pick-up. When the motor oil has been prepared properly for pick-up, place next to your red bin. If you do not have glass to recycle, please still put your motor oil in your red bin or next to it. **No other fluids are allowed curbside.** If the driver sees the motor oil has been mixed with another fluid, they will tag the oil and leave it.

## Recycle+ Services!

In addition to your standard residential curbside recycling service, we offer an optional recycling service for hard to recycle items including film plastic and #1 clamshell plastic. There is an additional charge for this optional service. It's currently available to residential customers who live in Urban Unincorporated Washington County, King City, Tigard, Beaverton, Durham, and Sherwood.

In addition to your standard curbside recycling, with this optional service you can recycle hard to recycle materials including:

- Film Plastics
- #1 PET Clamshell Plastics (**must be clear and hinged on one side!**)
- Textiles
- Compact fluorescent light bulbs

If you're interested in learning more about this service, visit our website!

## Document Shredding

Pride Document Shredding offers shredding services at your home or business, with one time, occasional, or regular shredding. Secure drop off is also available at the Pride Depot in Sherwood. Whether at your home or place of business, disposing of intact confidential information is a risk. Contact us to have it shredded and protect yourself and/or your customers from this risk.

**Pre-paid shred bags for \$7.** Purchase a paper bag (grocery bag size) for \$7 from the depot, reminder our depot is closed for lunch from 12pm to 1pm. Take the bag home, fill it with paper to be shredded, and bring it back to the recycling depot to be shredded when it is convenient for you. If you have more than one grocery bag size to shred, we also offer a red bin or 60-gallon tote size for shredding on-site.

Please call Pride Document Shredding at 503-625-0725 for pricing and other information on services available. You can also visit our website: [www.prideshred.com](http://www.prideshred.com).
